

Stamp Out Theft

Over 90 percent of stolen boating equipment recovered by law enforcement agencies cannot be returned due to lack of identification.

Do not become another statistic -- Use SecuraDot to stamp out theft.

SecuraDot Marine Kit contains a jar of 400 tiny SecuraDots, each the size of a grain of sand. The SecuraDots are suspended in a strong ultra violet traceable adhesive that brushes onto boating gear.

Embedded in each tiny SecuraDot is a secret code number, known only to you, which is registered in a confidential secure register. The code is invisible to the naked eye, but can clearly be seen under magnification.

SecuraDot Marine Kit costs \$40, and includes free registration for one year. Contact Identify USA, 715 E. Sprague, Spokane, WA 99220; 1-800-546-4454 or (509) 444-8940; www.securadot.com.
